

# Formagari End User License Agreement (EULA)

v1.0 – 07 June 2022

## Introduction

---

- This EULA is a contract between Formagari / Emmanuel Besse (hereafter “Formagari”) and you, the person or the entity who purchased the license or the person or the entity defined as the license owner at the time of purchase (hereafter “License owner” or “You”).
- By purchasing, downloading and installing digital products, fonts, typefaces, softwares (hereafter “Fonts”) from Formagari, you accept the terms of this EULA and understand that you need to comply with these terms.
- The licenses differ by their permitted uses and by the defined size of the license owner. Like many others in this industry, we believe in value-based pricing: the bigger you are, the more you create value within your projects, the higher the license fee will be for you. We trust you to choose the right options according to your situation at the time of purchase.
- The Fonts are and remain the exclusive property of Formagari and the stated designers. Their files and their designs are protected by copyright and intellectual property law. When buying a license, you purchase an authorization to use the Fonts in certain contexts, not their rights.
- All rights not granted to you by this Agreement are expressly reserved by Formagari.
